What will my child learn?

Noah's Ark Preschool/ Harmony Christian School is a ministry of Harmony Baptist Church. We believe that a child's physical, emotional, and spiritual growth should be nurtured as young as possible. We believe that the first five years are the most developmental years, and should therefore be exposed to many positive learning experiences. This is why we offer a K2 - K4 program. We are Preschool, not a daycare facility. We offer a language enriched program that helps the young learner to easily learn, and not just to recognize their letters; but to also apply the sound of letters that build to blends, that leads to forming words into sentences. Students learn about their Creator, and start to build a relationship with God their Father. Many of our activities are hands on experiences, while still developing the fine motor writing skills.

Our Staff

We offer an experienced staff, with teachers who continually work toward expanding their educational experiences through workshops, advanced degrees, and teacher trainings. We work to lead each child from their starting point of assessment to their next level of learning. We believe that each child is created by God as an individual, and should therefore be expected to learn on their individual timeline. We are members of the REECHE (Recognizing Excellence in Early Childhood Education) committee who sponsor the Week Of the Young Child in the tristate area.

Our staff has received recognition in the following categories:

Champions of Young Children

**Who's Who of National Registry*

**Years of Service recognition*

**Early Childhood Excellence Award and Honorable Mention.*

Our nurturing, structured, and clean environment helps your child to reach their fullest potential of success. They can attend our school from K2 -12th grade, to maintain their excellent foundational education.
